

Newsletter 4 - June 2022

We are very pleased to present to you the 3rd Newsletter of the Strategic Partnership for Adult Learning Erasmus+ project "Qualifying Differences"

About the project Qualifying Differences

Good news! the consortium of the Qualifying Differences project have continued working on this wonderful project and managed to produce multiple outcomes. Have a look to see what we have achieved!

It has been a challenging year, but partners have continued to work online and, finally, face to face! We had an incredible meeting in Paris hosted by E-seniors that was a real boost of energy.

Meeting in Saviano

We met in Saviano on the 16th and 17th of May, and we had such a productive and wonderful time. UILDM welcomed us and we had the huge opportunity to see their facilities and meet their lovely members. During that time, we caught up with the project and could take some actions regarding the deliveries

Partnership

The "Qualifying Differences" project is led by Epralima (Portugal) and composed by Cesur (Spain), E-SENIORS: Initiation des Seniors aux Ntic Association (France), Unione Italiana Lotta alla Distrofia Muscolare - sezione di Saviano (Italy), DAFNI (Greece) and Masaryk University (Czech Republic).

The deliveries

We can finally present all our deliveries on the website. You will find our main products: The booklet, the manual, and the platform where you will find the interactive modules to learn more about soft skills and employability. In fact, their quality has been tested with external expert on the matter, do not miss them out!

Next steps

The partnership is meeting again (and for the last time) in Tzech Republic to culminate every detail of the project. During this time, we hope we will nail every task to provide an outstanding content for you to enjoy!

Meanwhile you can visit our [Facebook](#) and [Website](#) pages to catch up and read entertaining post that may be of your interest.

Stay tuned!
